INTRODUCTORY

The inheritance tax was used in Egypt long before the Christian era.

Twenty-seven years ago only six states in the United States were using it; to-day forty-five states have inheritance tax laws.

It has been said by an authority, that the tax is not a tax upon property, but a tax upon the right of succession to property, which disposes of the objection that double taxation results.

The laws of the various states in describing the matter contained in the charts are very clear and explicit, and they have been followed very carefully, copying each group, exemption, rate and amount exactly as they appear in the laws of each state. Non-resident taxation appears at the bottom of each chart.

Following the charts are several pages devoted to a list of the leading corporations in the United States with the state or states they are incorporated in.

This list is very valuable taken in connection with the charts; you will find a number of securities taxed in several different states.

To Lawyers, Bankers, Trust Company officials, Investment Bankers and Brokers and all those whose advice is sought on investments or management and to those corporations selling their securities to the public, this book will be the most valuable in their library.

Insurance men will find it of the greatest help in selling inheritance tax insurance. It is conceded by all thinkers that the sensible way to pay the inheritance taxes and so prevent a sacrifice of property is by means of life insurance.

There will probably be no changes in the inheritance tax laws of the various states for several months, and when any changes are made we will be notified of them and will inform our subscribers, and will publish a revised chart of that state in which the changes have been made.

November, 1920.

ALABAMA HAS NO INHERITANCE TAX LAW

ALABAMA

BENEFICIARY	RATE OF TAXATION				
	Exemptions				
GROUP 1. Grandfather, grandmother, father, mother, husband, wife, child, brother, sister, wife or widow of son, or husband of daughter, adopted children, acknowledged child or lineal descendant.	Estate under $10,000 entirely exempt. If exceeding that amount $5,000 exemption each person.	1%
